The act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Number of entries of books included in the Catalogue for 1933:

(*a*) United States publications	8,268
(*b*) Foreign books in foreign languages	3,170
(*c*) Foreign books in English language under AD INTERIM, provisions of law of Mar. 4, 1909	1,232
Total	12,670

PROMPT INCLUSION OF TITLES IN THIS CATALOGUE

The Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed with entries arranged alphabetically by authors, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection. A complete index to all the authors, copyright proprietors, and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

In order to secure to librarians the promptest possible information as to the American and foreign books deposited for copyright and included in the Catalogue of Copyright Entries for Books, one copy of the two required by law to be deposited is promptly sent to the Catalogue Division of the Library of Congress. As rapidly as these titles are returned to the Copyright Office they are printed every other day in signatures of 8 or 16 pages, and the Superintendent of Documents forwards these signatures at once to all libraries subscribing to the Catalogue or receiving the Catalogue as depository libraries. In order to economize and to secure speed in printing and delivery, these signatures have no title or cover, but each has continuous paging and in the lower left-hand corner in large type the year of the Catalogue, its sequence number, and date of printing. This mode of printing is for Part 1, Group 1 (books proper) only. The list of copyright renewals and extensions made for books under section 24 of the act of March 4, 1909, and any other text matter not necessary to the list of book titles is printed with the annual index at the end of the year.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures. sermons, and addresses prepared for oral delivery, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

The copyright notice states when the book was published, when the copies and affidavit were received, the class and entry number, and the claimant of copyright. To save space the notice is abbreviated as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "©" stands for copyright registration, followed by date of publication, and "2 c." for 2 copies, or "1 c." for 1 copy, followed by date of receipt; "aff." stands for affidavit of American manufacture, followed by date of its receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number, by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number in parentheses, printed with a hyphen immediately following the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is $3.00 for 1933, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalogue are now as follows:

Part 1, Group 1, Books proper	$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures	2.00
Part 2, Periodicals	2.00
Part 3, Musical compositions	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations	2.00
Single numbers (except Book leaflets)	.50
Annual indexes, each, for complete calendar year	2.00
All parts for complete calendar year	10.00

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from January 1, 1920, to December 31, 1928, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1934.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

COPYRIGHT ACT OF JULY 3, 1926

[NOTE.—The new matter in this amendatory act is printed in italics]

[PUBLIC—No. 464—69TH CONGRESS]

[H. R. 10774]

AN ACT To amend section 15 of an Act entitled "An Act to amend and consolidate the Acts respecting copyright," approved March 4, 1909

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 15 of an Act entitled "An Act to amend and consolidate the Acts respecting copyright," approved March 4, 1909, be amended to read as follows:

"SEC. 15. That of the printed book or periodical specified in section 5, subsections (a) and (b) of this Act, except the original text of a book of foreign origin in a language or languages other than English, the text of all copies accorded protection under this Act, except as below provided, shall be printed from type set within the limits of the United States, either by hand or by the aid of any kind of typesetting machine, or from plates made within the limits of the United States from type set therein, or, if the text be produced by lithographic process, or photo-engraving process, then by a process wholly performed within the limits of the United States, and the printing of the text and binding of the said book shall be performed within the limits of the United States; which requirements shall extend also to the illustrations within a book consisting of printed text and illustrations produced by lithographic process, or photo-engraving process, and also to separate lithographs or photo-engravings, except where in either case the subjects represented are located in a foreign country and illustrate a scientific work or reproduce a work of art: *Provided, however, That said requirements* shall not apply to works in raised characters for the use of the blind, or to books of foreign origin in a language or languages other than English, or to books published abroad in the English language seeking ad interim protection under this Act, *or to works printed or produced in the United States by any other process than those above specified in this section.*"

Approved July 3, 1926.

Bible. *O. T. Psalms. Anglo-Saxon. Paraphrases. 1932.*

The Paris Psalter and the meters of Boethius, edited by George Philip Krapp ... New York, Columbia university press, 1932.

lv, 239 p. 22½cm. (*Half-title:* The Anglo-Saxon poetic records, a collective edition. v)

Bible. *O. T. Psalms. Anglo-Saxon. Paraphrases. 1932*—Continued.

The manuscript of the "Paris Psalter" is preserved in the Bibliothèque nationale, Paris, catalogue number "Fonds Latin 8824". The present edition includes only the psalms given in Anglo-Saxon metrical translation (psalms 51–150) *cf.* Introd., p. [vii]–xiii.

The Anglo-Saxon metrical portions of Alfred the Great's translation of "De consolatione philosophiae" of Boethius is from three manuscripts: Ms. Cotton Otho A. vi, in the British museum, Ms. Bodley 180, and Ms. Junius 12, in the Bodleian library. The authorship of the Anglo-Saxon meters of Boethius is not definitely determined, but evidences lead to assigning the work to Alfred the Great. *cf.* Introd., p. xxxv–xlviii.

Worden, Edward Chauncey, 1875–
Technology of cellulose ethers; a theoretical and practical treatise on the origin, history, chemistry, manufacture, technical application and analysis of the etherified celluloses and carbohydrate carboxylate ethers (esterified cellulose ethers, etherified organic cellulose esters) ... by Edward Chauncey Worden, first ... Milburn, N. J., Worden laboratory and library, 1933.
5 v. illus., diagrs. 24cm.
Paged continuously.
"In 1911 appeared 'Nitrocellulose industry' ... being the first general survey of the technical applications of the cellulose nitrates in the peaceful arts, and was followed in 1915 by the ... work on 'Cellulose acetate', as vol. VIII of a contemplated exhaustive work on the entire technics of cellulose technology. The foundation for this work was laid in 1921 by ... 'Technology of cellulose esters' ... of which the present five volumes are a companion series ... Meanwhile there has been published two volumes ... of a projected five-volume work ... of an index of United States chemical patents for the period 1915–1924 inclusive."—Prefatory statement.

The trial of Al Capone, by Robert Ross. Chicago, Ill., R. Ross [c1933]

5 p. l., 13–123, [1] p. plates, ports. 21½cm.

"First printing, May 1933; fifteen thousand copies."

During the spring of 1931 a grand jury indicted Alphonse Capone on an attempt to evade the income tax and on June 16, 1931, he was arraigned before Federal Judge James H. Wilkerson of the District court of the United States for the Northern district of Illinois. The trial was finally set for October 1931. A verdict of guilty was returned and a
